Insurance for Bedford College Students = not paid.

(Voluntary workers)

Question of:

indemnification of our student against accidents to find parts.

~~do~~ ^{do} students come for the under the Area Health Authority insurance?

Our insurance + college records are fine - that insurance
sought by Wood etc. what indemnification must be
obtained from hospital authorities - + not directly for
Bedford College.

(? cost split between the institutions)

Accountant?

What was the nature of the endorsement?
