Dear Miss Lakey

Re : Royal Holloway & Bedford New College/
Middlesex Hospital Nursing Students -
Geriatric placements

When I wrote to you on 19 November 1985 about the period of the placement I had not taken into consideration that owing to a College change in time-tabling this years' students were undertaking a longer placement than last years. In order to even this out, the students will in fact terminate their experience one week earlier and their last day with you will be Thursday, 13 March. They will then be required to continue their studies at the college till the end of term.

Yours sincerely

Marion Ferguson
Director Nursing Studies.
