Miss O. Monkhouse,  
Bedford College for Women,  
Regent's Park,  
N.W. 1.

26th March 1931

Dear Miss Monkhouse,

I shall be glad to know the dates which are being arranged for the lectures on Psychiatry by Dr. Alice Hutchison and Tuberculosis by Dr. Gloyne.

There will probably be 23 health visitor students whom we shall be glad to send.

From the provisional time-table drawn up last July, I see that the date suggested for both courses is Tuesday, April 28th, and the times, 12 noon for Dr. Hutchison, and 4.30 pm., for Dr. Gloyne.

As we are anxious to complete the students' time-table for next term this week, we shall be glad to know if these times are correct.

We will forward a list of the students' names a few days before the courses start.

Yours truly,

H.C. Parsons  
DIRECTOR IN THE EDUCATION DEPARTMENT
