Bedford College for Women,  
Regent's Park, N.W. 1.

1st October 1932

Dear Miss Jebb,

I am writing to ask whether the course of lectures given by Mrs. Reid on Social Administration may be arranged for the health visitor students again next term under the same conditions as last year, referred to in your letter of the 27th November 1931.

If so, I believe the time which would be convenient both for Mrs. Reid and our students would be Fridays, January 13th to March 17th at 10 am.

We would let you know the number of students attending early in January on hearing that this course can be arranged.

Yours sincerely,

H.C. Parsons  
DIRECTOR IN THE EDUCATION DEPARTMENT
