27th June 1932.

Madam,

We are looking forward with much pleasure to welcoming you at Bedford College on July 7th when you have kindly promised to present the certificates to our International students who have taken a year's course at the College either in Public Health for Nurses or for Nurse Administrators and teachers in schools of Nursing. I enclose a prospectus of the course and am asked to say that should you wish to have further information about the course or the students, the Director of the Department, Mrs. Reid, will be happy to wait upon you if you will be good enough to give her an appointment.

Yours truly,

Secretary.
