

1st November, 1927.

Dear Miss Rundle,

Mrs. Reid, has asked me to reply to your letter to her of October 31st.

The Council of Bedford College have approved the recommendation that Miss Viney should be appointed to give a course of 10 lectures on Public Health Nursing during the Lent Term, 1928 and I have been instructed to approach her officially in the matter. The payment for these lectures will be made by Bedford College out of the special grant from the League of Red Cross Societies for such purposes. Would you be good enough to let me know whether as far as the College of Nursing is concerned there is any reason against Miss Viney being invited to give these lectures?

Yours sincerely,

Secretary.
