

284

28th September 1934.

Dear Miss Baggallay,

Thank you for your letter of September 25th, sending me two copies of each application form for admission to the International Courses. We have never in the past sent a copy to the College of Nursing before the meeting when these names are considered, so I will, with your permission, retain them until after the meeting on October 9th.

Thank you also for the Prospectus for 1934-35. We would like to have 30 more copies.

After the meeting of your Committee of Management in the first week in October, may I please have the draft of the announcement of the courses for 1935-36, so that my Committee may be informed as to what is proposed? I am sending out my Agenda next Tuesday, so if you have any item you wish included, kindly let me know.

Yours sincerely,

Secretary.
