Many great regrets
& gratitude insurance

Dear Mrs Mouthouse,

I thank you for letting me know the date of the next meeting of the Organization Committee but I am sorry to say I have decided that I ought to resign my membership and have written to Doris Parsons to ask her to report my resignation to the Council of the College of Nursing. - On medical advice I have arranged to live in this part of the world for the next 2 or 3 years and it would not be possible for me to attend many meetings

in London. Tho I feel a nation who is in
active work would be a more useful member.
I have thoroughly enjoyed being a member of
the Organisation Committee and am very very sorry
to give up the work but I am sure my decision
is a wise one for I have always disliked the
idea of being a member of a Committee which
I cannot attend regularly.

With kindest regards,

Yours very sincerely...
