Miss O. Monkhouse,  
Bedford College for Women,  
Regent's Park, N.W.

5th January 1935

Dear Miss Monkhouse,

The scale of charges for lectures at the College of Nursing is under revision.

As this will affect the fees paid by Bedford College to the College of Nursing in respect of students taking the International courses, we will let you know as soon as a definite scale has been agreed upon.

As the courses have already been advertised for next year, obviously no alteration could come into force for International students before 1936.

Yours sincerely,

*H. C. Parsons*
