19th June 1930.

Dear Miss Bowes,

A rumour has come round to me that you are resigning your work at the College of Nursing. Would you be good enough to let me know whether this is true or not, and if so from what date your resignation takes effect? My Committee have of course heard nothing about it and it will be necessary to find somebody to do your work with the Nurse Administrator students.

Yours sincerely,

Secretary.
