Miss Monkhouse,
Secretary
Bedford College for Women
Regent's Park N.W.1.

Dear Miss Monkhouse,

I have had an enquiry from Headquarters re the Announcement which they wish to have ready to print at once, in the event of the Courses continuing.

There was a question of embodying the two series of lectures on Maternity & Child Welfare and Tuberculosis under Public Health Nursing, and I believe, not reappointing Dr. Gregory and Dr Gloyne. Will you tell me whether this was made definite or only discussed? I cannot remember. And also, does Miss Lloyd Still continue to remain on the Committee although she has retired from the College of Nursing Education Committee?

Many thanks for the above information, before you go for your Christmas Holiday, please.

I am enclosing a medical form which is used by the League for Internationals. I wonder if you would be good enough to fill it in for Miss Sharpe in as far as it conforms to the Bedford College medical certificate. We are asking this to complete our record for her, and in order not to require her to secure another one for us.

With the Season's Best Wishes,

Very sincerely yours,

N. L. Dorsey
Nan L. Dorsey,
Superintendent.
