Copy for Miss M. Ferguson,

- Letters to:
- C. Gillham,
  - S. Lugger,
  - M. McNally,
  - C. Milne,
  - E. Yea,
  - C. Wright,

Dear L. Williamson,

Your 10 weeks allocation to the Psychiatric Division begins on Wednesday October 13th 1982. The psychiatric module commences with an orientation period of 2½ days in the Nurse Training Centre at St. Luke's-Woodside Hospital on that day, at 2 pm. On arrival at St. Luke's please report to the Enquiries Centre at the main entrance of the hospital.

During this initial period in the Training Centre your ward allocations and your study days will be discussed with you.

In the Psychiatric Division nursing staff do not wear uniforms. Staff are asked to wear clothing appropriate for the duties of helping patients of all age groups. Protective clothing is provided as necessary. You will have the use of a locker at St. Luke's but staff supply their own locks and keys and therefore you should bring a padlock and key to ensure the safety of your personal belongings.

I am sure you will find your experience at St. Luke's enjoyable and interesting and look forward to meeting you all on October 13th.

Yours sincerely,

*Lynda Miller*

Lynda Miller,  
Course Tutor.
