

196.1

16th June 1933.

Dear Professor Jameson,

The League of Red Cross Societies were anxious to insert in their Prospectus some form of wording to express the co-operation of the London School of Hygiene and Tropical Medicine in connection with the International Courses at Bedford College. I am therefore instructed to send for your information the following form of wording which is to be incorporated in the Prospectus for International Courses, and which has been approved by Colonel Parkinson on behalf of the London School of Hygiene and Tropical Medicine:

"The Organisation Committee are glad to state that the London School of Hygiene and Tropical Medicine have shown their interest in the scheme by accepting an invitation to appoint a representative on the Organisation Committee and by permitting members of their staff to give annual courses of lectures on Hygiene."

Yours truly,

Secretary.
