Miss Caldwell
Nursing Officer
Maternity Dept
Middlesex Hospital
Mortimer Street
LONDON W1

25 October 1984

Dear Miss Caldwell

re: Maternity Care and Care of the New-Born.
B.Sc/SRN in Nursing Studies, Bedford College/Middlesex Hospital

I am writing to you in relation to the last 11 students on this course who will be taking the Maternity Care and Care of the New-Born course in the summer of 1985.

This early exploration is meant to discuss with you to what extent you feel your Department will be able to provide our students with relevant experience in this field. As you will appreciate, instead of five we now have 11 students and I do not know what this means in terms of potential learning experiences in the Middlesex Maternity Department and or whether I should explore possibilities in the UCH? As you know our students thoroughly enjoyed the experience in your Department and I was amazed at the high grades they achieved in their tests.

Perhaps you could let me know as soon as possible about your tentative plans, so that I can use the rest of the time available to explore other avenues.

With best wishes,

Yours sincerely

Marion Ferguson
Director, Nursing
Studies.
