

November 4th, 1926.

Dear Sir,

When you are next in England it would give me great pleasure if you could spare time to come and see me. I should be so glad of an opportunity to show you the College and talk over with you the scheme proposed by the League of Red Cross Societies for the development of the course in Public Health Nursing at Bedford College. The arrangements have not yet been completed, but we hope to be in a better position to lay the scheme before you by the end of November. If you would be good enough to let me know a time when you expect to be in town and would be free to come to Bedford College I would make it convenient to suit my time to yours.

Yours truly,

Principal.
