Dear Mrs Ferguson

Thank you for your letter of the 25th October 1984.

We will again be happy to have some of your students, but you are right in thinking that 11 would be too many. I have spoken to Miss Bowen, the Director of Midwifery Services at the Obstetric Hospital at UCH, she will be happy to take some of the nurses and possibly make suggestions, if there are still some left over.

I am glad your students enjoyed their experience on the Maternity Unit. We certainly enjoyed having them. Very best wishes,

Yours sincerely

Kate Caldwell
