

26th March 1927

Dear Mr. Bicknell,

I am now able to send to you the resolutions passed by my Council at their meeting on Thursday last, in connection with your proposition concerning the re-organization of a ^{the} Joint Advisory Committee. The resolutions passed were as follows:-

Scheme I. That the Council of Bedford College agree to adopt the proposal of the League of Red Cross Societies to institute a full College Committee for undertaking all the work in connection with:-

1. the admission of students to the two courses arranged for international students.
2. the arrangements of their courses, both theoretical and practical.
3. the making of recommendations for the expenditure of the funds granted by the League of Red Cross Societies.

subject to the following provisos:-

1. That the agreement be in the first instance for a period of three years.
2. that the College of Nursing agree to co-operate with the scheme and to send representatives to sit on the Committee.
3. that while the College undertakes to receive and consider suggestions from the League of Red Cross Societies, the final voice on the question of the curricula and courses of studies generally be with the Council of Bedford College as advised by the Committee as constituted under section 4.
4. that the Committee if formed, be a Special Committee constituted as follows:-
 - The Principal in the Chair.
 - Full time teachers at Bedford College concerned in the course.
 - Dr. Brincker.
 - The Battersea Health Visitor especially concerned with the practical work of the Bedford College Public Health Students.
 - 3 Representatives of the College of Nursing.
 - 2 Representatives of the League of Red Cross Societies.

45 that this Special Committee report to the Council of Bedford College through the Academic Board.

Scheme II.

That in the event of the College of Nursing being unwilling to co-operate in the above scheme.

1. Bedford College undertake the duties suggested above for the course of Public Health Students only, the Committee to be a Special Committee, constituted as above, but without representatives from the College of Nursing.
2. that the organization of the Course for Nurse Administrators remain as at present under a Committee appointed by the League of Red Cross Societies.

I am sending a copy of this letter to the College of Nursing in order that they may be informed of the procedure proposed.

It would be convenient to know as soon as possible whether you are in agreement with our suggestions.

Yours very truly,

Principal.

E.P. Bicknell Esq.,
League of Red Cross Societies,
2 Avenue Velasquez,
Paris,
France.
