

196

11th May 1931.

Dear Mrs. Carter,

I am afraid it is impossible to have the Organisation Committee after June 19th unless it is as late as June 25th. This date was discussed at the meeting but it was regarded as rather too close to the 29th with Saturday and Sunday in between. It is also a very bad day for the College. Do you think that in view of these difficulties it would be possible to have it on June 19th as suggested. I would not ask it except in these very special circumstances.

Yours sincerely,

Secretary.
