

23rd July 1928.

Dear Miss Rundell,

You will remember that Miss Bowes was only appointed Tutor for the practical work of the students taking the Nurse Administrators Course for the session which is just ended, as there was some suggestion that she was only appointed by the College of Nursing while Miss Hallowes was abroad. In accordance with the procedure laid down by the Organisation Committee in July last, the College of Nursing send in nominations for such a post to the Organisation Committee which has a representative on any Appointment Committee constituted by the College of Nursing for this purpose. Would you kindly let me know whether you are recommending the reappointment of Miss Bowes for next session or whether you are making a fresh nomination, in which case the Organisation Committee have appointed Mrs. Reid as their representative on your Appointment Committee.

Yours very truly,

Secretary.
