Dear Miss Monkhouse,

## Nursing Recruitment Campaign.

I am asked by the Medical Officer of Health, Dr. R. Veitch Clark, to thank you for lending to us the enclosed booklets and photographs about the Florence Nightingale International Foundation, for use at our recent Nursing Exhibition.

The Exhibition has aroused considerable interest among school-girls and the general public and although we cannot as yet judge the full results of the campaign, we feel that we may have put the idea of nursing as a career into the minds of many suitable girls.

May I add my own personal thanks for entrusting this material to us.

Yours faithfully,

*Subaides*

Secretary to the Nursing  
Recruitment Campaign Committee.

Miss O.E. Monkhouse,  
Secretary,  
Bedford College for Women,  
(University of London)  
Regent's Park,  
LONDON N.W.1.
