20th July, 1923

Dear Miss Tuke,

Thank you for your letter of the 17th July which I will bring before my Council at the next meeting on the 27th. As a matter of fact we are ^{half way through} ~~about to make~~ arrangements for a course elsewhere. I do not know whether my Council ^{will} feel that they can withdraw now. I will write you directly after their meeting and in any case am grateful to you for letting us know of this possibility.

Yours ~~sincerely~~,

Dr. W. Stannard.
