Mrs. M. Ferguson
Director of Nursing Studies
Bedford College
(University of London)
Regent's Park
LONDON NW1 4NS

Dear Mrs. Ferguson,

Thank you for your letter of May 18th 1983. I am pleased to note the progress being made in providing experience in the care of children and in maternity care and care of the new born and look forward to receiving the details at a later date.

I understand that the learning objectives for the care of the mentally ill have not yet been discussed with Mr. Hoy and his colleagues, nor is it yet certain whether the experience you propose is available for the undergraduates. I would be grateful to know the outcome of these discussions in due course.

Yours sincerely,

P. Sayer (Miss)
Acting Education Officer

c.c.: Mr. R.A. Hoy
Director of Nurse Education

Miss M Ferguson
Director of Nursing Studies
Bedford College
Regent's Park
London NW1 4NS

Dear Miss Ferguson,

Further to your recent meeting with Mr Hubert, I thought it might be helpful to set down the main points of the discussion and I itemise:-

1. That experience in the care of children is being sought in the Charles West School of Nursing. When this has been agreed, will you please let me know?
2. That no difficulties are anticipated in the provision of experience in maternity care and care of the newborn. Will you please let me have a copy of the agreement to this which has been reached with the Central Midwives Board.
3. That for both experience in the care of children and for the care of the mentally ill, learning objectives based on a nursing model are required.

I would be grateful to hear from you as soon as possible especially as far as items 1 and 2 are concerned.

With all good wishes.

Yours sincerely,

P Sayer (Miss)
Acting Education Officer
