

196.1

January 10th, 1933.

Dear Mr. Swift,

Thank you for your letter. I am delighted to hear that the fifteen scholarships have been secured and I must warmly congratulate the League on the success of their efforts.

I will give very careful consideration to the financial proposals which you make and will bring the matter before my Council at their next meeting. I have no doubt that they will wish to do everything that is financially possible to help to carry on the scheme during the intermediate period.

Yours very truly,

Principal.
