

196

12th November 1928

Dear Miss Dorsey,

Your letter about the lecture to be given by Madame d'urmanzy will go before the Academic Board at their next meeting, which does not take place until 4th December. I do not however anticipate that anything will be done about it as the subject cannot be regarded as educational in the strict sense of the word. If Sir Arthur Stanley were very desirous of something being done and were to write his wishes on the matter to the Principal, it would of course receive due consideration.

Yours sincerely,

Secretary.
