16th October 1934.

Dear Miss Roxburgh,

The Florence Nightingale International Foundation, who in July last took over the responsibility for the Organisation of Courses for International Students, have approved for inclusion in the Courses offered a "One Year Course in Social Work". I enclose the approved syllabus for this Course together with the introductory paragraph proposed for insertion in the Prospectus giving details of all the Courses.

I am to ask you to be good enough to inform your Council of the decisions made and to inquire whether they will be prepared to recognise such a Course as a basis for training in Hospital Almoning. It is understood that a high standard of performance will be required from students taking this Course, before they are recommended to proceed to another specialised course at another Institution.

Yours sincerely,

Secretary.
