Jan 5th 1922.

My dear Miss Luke,

Thank you most
awfully much for your letter &
for leaving the decision
about the course to us.

I am returning you the letter
I have already told you what
I thought about it in my
letter which crossed yours in
the post. I don't think it
will involve much work other
wise I would not consider it
at all. I agree with you that

we need not yet decide about
1922-23.

The best time for me to
take the lectures would be
10.0-11.0 on Wednesdays - but
I expect Mrs Thomas will write
to me about ~~the~~ details after
she has heard from you.

With love & best wishes,

yours affectionately

Normie Sakis.
