Dear Marion

It was nice talking to you again on Thursday evening and discussing registration with you.

You might find the following ward teaching hours useful, which I have arrived at by taking what is considered to be an average for a normal 8 week full time allocation and working out a proportion for your students.

| | |
|---------------|--|
| Psychiatry | 30 hours |
| Obstetrics | 60 hours |
| Theatre | 14 hours |
| A & E | 14 hours |
| General Wards | The amount will be made up as follows:- |
| | Reports 15 hours (This is on the basis of 45 minutes per report, two reports per week) |
| | Plus the Clinical Teaching carried out, either by Liz or Cynthia. This will be found in the Clinical Teaching Reports in your files. As I mentioned last evening, your students will have some clinical teaching entered in their objective cards which can be added to the above amounts. |

Pediatric Allocation 15 hours.

I hope you will find this information useful.

For your information your ENB Inspector is now Miss Eileen Coulter.

It has just registered that you mentioned one of your students has left the course and I wonder whether or not you sent in a completed Standard Training Record Card for her indicating her date of discontinuation.

With best wishes.

Yours sincerely
