46. MARSHAM STREET,

WESTMINSTER,

LONDON, S.W. 1.

(CONTINUATION OF GREAT SMITH STREET).

119.

8th. May, 1920.

Dear Mrs. Reid,

In pursuance of our conversation with reference to the training of nurses, already in Public Health work, etc., I am enclosing a copy of our letter to the Ministry of Health which will be sent if you approve of it. We shall be very much obliged if you will place it before your Committee and let us know whether it will be possible for Bedford College to co-operate with us in promoting a joint scheme under the Board of Education regulations. We are very much hoping for your help, and shall be prepared to alter or modify our scheme to make such co-operation possible.

I shall be out of town till Friday, but free on that day or Saturday, to meet, together with other representatives of our Union, to discuss any details.

Yours truly,

Norah Farrant

Hon. Secretary.
