The Principal
Bedford College.

Dear Madam,

I have already expressed my great regret at being unable to be present at the distribution of Certificates to the Students in the International Nursing Course, on Wednesday. But I have asked Miss Christitch, Recording Secretary of the International Council of Women, to represent me and the International Council of Women on the occasion, and to offer a little souvenir and token of good wishes on my behalf to the students.

I hope this will be convenient.

*Your sincerely
J. H. Cromar, Tarland*
