28 June 1985

Dear Jean,

I am writing to tell you that we had a very successful final examiners' meeting where we discussed at some detail the degree classifications for our students. I feel we have all been very fair - the results reflecting the students' abilities and comparing well with their peer groups in the Department of Social Policy and Social Studies undertaking degrees in other main fields.

I understand from Dorothy that you have asked her to be our examiner for next year as well and in order to ensure some kind of continuity I am sure this must be right. There is a small<sup>2</sup> bureaucratic problem however and that is that I believe, Dorothy is no longer on the Examiners' list for Nursing Studies of London University. Therefore, you need to delegate her for this one year which I ~~am sure~~ should pose no major problem.

It would be nice to see you sometime during the next Academic Year when you are in London and maybe we can meet for a lunch or dinner at a date and time of your convenience.

Yours sincerely

Marion Ferguson  
Director Nursing Studies.
