Miss. M. Ferguson,
Director of Nursing Studies,
Bedford College,
Regents Park,
London, NW1 4NS

8th April, 1983.

Dear Miss. Ferguson,

Thank you for coming to see me on Friday, 25th March, 1983, to discuss the Paediatric Module for the Joint Undergraduate course in Nursing Studies with SRN Qualifications. I have discussed this with Miss. Baker, Senior Tutor in the School of Nursing and we are willing to provide experience and the study day for the Module in October/December, 1983, with a view to repeating it in 1984 for a further group of students.

We would agree to providing this Module, on the grounds that we discussed when we met, that is the students would work a full morning and afternoon shift on the two day clinical experience. I have asked Miss. Baker for a skeleton outline of her ideas that could be included in the half study day. I will then suggest that she contact you to discuss in more detail her proposals and any suggestions that you may have so the skeleton can be fleshed out into a realistic programme.

The pressure of work within the department over the next 3-4 weeks will mean that Miss. Baker will not be contacting you till after this period.

The only problem which I overlooked to discuss with you was the finance for invited lecturers and hired films etc, (other than those available within the School of Nursing). Perhaps you could discuss with Miss. Baker when you meet as to whether any financial assistance will be available.

With best wishes,
Yours sincerely,

Miss. S. Barlow,
Director of Nurse Education.
