24th March 1928.

Dear Sir,

I beg to inform you that your letter of the 2nd March was before the Council of Bedford College at their meeting on Thursday last. I am directed to send to you the following resolutions which were then passed:-

1. "That the offer of St. Thomas's Hospital to carry on tentatively for 2 years the scheme for the practical instruction of the Bedford College International Students in connection with their training as Public Health Workers, be accepted."
2. "That the post of Officer responsible for the Practical Training of the International Students in Health Visiting work under the auspices of St. Thomas's Hospital, be offered to Miss Baggallay the appointment to be for 2 years from the 15th May 1928."

In accordance with the terms of the second resolution, Miss Baggallay is being approached and I will let you know as soon as the appointment is made.

I am to express the gratitude of my Council for the co-operation of the authorities of St. Thomas's Hospital in this scheme which they feel will be of immense value to the students.

Yours truly,

Secretary.

The Secretary,  
St. Thomas's Hospital,
