Dear Miss Huntclough -

I have been thinking  
it would be very nice if you could  
come to us here on Monday, instead  
of my coming to you. I do not  
think you have ever been. We could  
then show you our little college -  
and what we are doing -

would you come at 11 o'clock -  
or later if more convenient to you.

Yours sincerely  
H. S. Puddle.

would you come later and have lunch  
with me ???
