2nd January, 1933.

Dear Miss Monkhouse,

I should like to make a short statement at the next meeting of the Administrative Committee.

This refers to the liaison between this school and the courses of study in hygiene and physiology for the International Students. If you have no objection it might come under the heading of "other business".

Yours sincerely,

Miss Monkhouse, M.B.E.,
Bedford College,
Regent's Park, N.W.1.
