Mrs. J.M. Longden  
Secretary  
SAC Nursing Studies.  
SENATE HOUSE

Dear Mrs. Longden,

Thank you for your letter of 25 June, regarding our Course-Unit proposal. The form is correct as it stands as there will be no shared teaching arrangement with a medical school. You are quite correct in saying that that was our intention last October, but of course a lot has happened since then. The course will be taught by a visiting lecturer at Bedford College and so there will be no shared responsibility for the course.

Yours sincerely,

Ivor Burton

c.c. Registrar.

Dear Dr Burton

## COURSE UNITS IN NURSING

Thank you for your letter of 18 June enclosing an advance copy of the proposal for course S290 "Chemotherapeutics and Pathophysiology". Professor Oppe telephoned me today and asked that, before I circulate the proposal to members of the SAC (as agreed at the meeting on 14 May), I should seek from you information relating to the proposed teaching arrangements for this course.

This is in order that I may make an appropriate insertion in section 14 of the form which relates to any form of shared teaching arrangement between the School offering the course and another. At the meeting on 16 October 1981 it was reported that Bedford College were proposing that the pharmacology content should be taught "by an Appointed Teacher at the Middlesex Hospital Medical School". I appreciate however that changes may have occurred since then as the content of this one course-unit course is different from that of the two separate half-unit courses originally proposed.

I am copying this letter to Mr Turnbull in anticipation of receiving from him a proposal form signed on behalf of the College.

Yours sincerely

Mrs J M Longden  
Secretary  
SAC Nursing Studies

Dr I Burton
