9th September 1939.

Dear Sir,

I have been informed by the Secretary of the Florence Nightingale International Foundation that the Foundation have decided to cancel the International Nursing Course for an indefinite time. I am therefore writing on behalf of the Council of Bedford College to inform you that the Council will have to cancel the course of ten lectures in Psychiatry which you were to have given to the International Students at Bedford College during the session 1939-40. The Council of Bedford College much regret having to take this step, but, as you will understand, it is unavoidable in the present emergency.

Yours truly,

Secretary of Council.
